CAREER OBJECTIVE

To contribute as a software developer, leveraging my expertise in Java and problem-solving. I aim to take on challenging assignments that foster professional growth and deliver high-quality, scalable software solutions that drive success.

PROJECTS

Box-office App

Developed a dynamic web application to provide comprehensive information about movies and actors. Users can search for specific movies or actors to display details such as cast, plot, release year, and ratings. The app also features movie recommendations and trending movie lists for an enhanced user experience. A responsive design ensures seamless performance across various devices. Technologies Used HTML, CSS, JavaScript, ReactJS.

Collaborative Workflow Management and Task Allocation Tool

This web-based tool streamlines team collaboration by managing workflows and task allocations. It allows task creation, assignment, and tracking with deadlines, priorities, and progress indicators. Features include real-time collaboration, task commenting, file attachments, notifications, and role-based access. The tool enhances team efficiency and communication for seamless project management. Technologies Used HTML, CSS, JavaScript, ReactJS, Node.js, MongoDB.

Weather App

Built using Reactjs and OpenWeather API, this app allows users to search for current weather conditions and forecasts by city name. The main features include displaying temperature, geolocation-based weather updates, and details like humidity, wind speed, and weather icons. It also provides hourly forecasts for the next few hours and daily forecasts for the upcoming days.

EDUCATION

2022 - present	B.tech in Information Technology at Bapatla Engineering college,Bapatla	(CGPA: 8.13).
2019 - 2022	Diploma in Civil Engineering at Govt.Polytechnic-Vijayawada	(Percentage: 80).
2019	Class 10th (Andhra Pradesh Board)	(GPA:9.7/10).

SKILLS

Programming Languages	Java
Frontend Technologies	HTML, CSS, Javascript, React.
Database	MYSQL,MongoDB
Version Control	Git and Github.
CS-Core	DataStructures,Operating System,OOPS,DBMS.
SoftSkills	Teamwork,Problem-solving,Time Management,Leadership,Creativity.

ACHIVEMENTS

- Achieved 1stplace in quiz competition conducted among school as a team in 2019.
- Successfully organized and contributed to the creation of a magazine for the farewell event in 2024.
- Actively participated in college events, including hackathons, and team work.

CERTIFICATIONS

- Completed Wipro TalentNext Java Full Stack certification.
- Certified in Altair Data Science through Eduskills using Python.

HOBBIES

- Playing Cricket.
- Cooking.
- Listening Music.
